Curriculum Vitae

December 2022

EDUCATION

1997 – 2001	Duke University <i>B.A. Psychology</i>	Durham, NC
Summer 2000	University of New South Wales <i>Duke University Study Abroad</i>	Sydney, Australia
2002-2006	California School of Professional Psychology <i>Psy.D. in Clinical Psychology (Forensic Child/Family Track)</i>	San Francisco, CA
May 21, 2007	Licensed Clinical Psychologist (California), PSY 21500	
April 16, 2010	Board Certified in Forensic Psychology by the American Board of Professional Psychology (ABPP)	

AWARDS

Staff Assembly Recognition Award Nominee in the area of *Excellent Customer Service*, UC Davis Medical Center, Spring 2007, related to the timely completion of evaluations for the family court system

CLINICAL EXPERIENCE

December 2008-present Board of Parole Hearings

Forensic Psychologist, Forensic Assessment Division (approximately 1,120 risk assessments conducted to date)

- Conduct violence (and sexual violence) risk assessments for life-term and determinately sentenced inmates eligible for parole, including inmates diagnosed with major mental disorders, personality disorders, paraphilic disorders, and developmental disorders
- Utilize empirically validated forensic assessment instruments including the Historical Clinical Risk Management tool (HCR-20), the STATIC-99-Revised, as well as forensically relevant instruments including the Hare Psychopathy Checklist-Revised (PCL-R)
- State Authorized Risk Assessment Tool for Sex Offenders (SARATSO) certified trainer for STATIC-99R, Certified in 2016
- Mentor newly hired staff and provide STATIC-99R training for all staff

2007-present Forensic Psychological Services

Private Practice

- Conduct violence and sexual violence risk assessments for adults, including clergy accused of

sexual offending

- Conduct child welfare and child custody-related evaluations, including risk assessment and consultation involving children's suggestibility and memory issues
- Conduct evaluations related to false or disputed confessions
- Conduct violence, sexual violence, and suicide risk assessments for adolescents
- Conduct forensic evaluations for civil claims of emotional distress due to trauma
- Serve as a mentor for forensic interns, UC Davis CAARE Center

August 2007-present Contra Costa County, General Assistance Program and CalWORKS

Contracted Evaluator (approximately 600 disability evaluations conducted to date)

- Conduct Social Security disability assessments for adult clients referred by Contra Costa County Social Workers and attorneys
- Conducted learning disability assessments for adult clients through the CalWORKS program (2017-2018)
- Conducted Family Stabilization evaluations for adult clients through the CalWORKS program (2017-2018)
- Increased contract utilization by 240% from 2007 to present

2020-present San Francisco County, Psychological Assessment Services (PAS) panel

Contracted Evaluator

- Conduct psychological evaluations for adult clients involved in Child Protective Services
- Conduct parenting capacity and risk assessment for adult clients involved in Child Protective Services

August 2010-June 2017 Alameda County, General Assistance Program

Contracted Evaluator (approximately 200 disability evaluations conducted)

- Conducted Social Security disability assessments for adult clients referred by Alameda County Social Workers and attorneys

July 2007-December 2008 Sharper Future

Forensic Psychologist, Training Director, and Oakland Site Coordinator

- Conducted sex-offender specific treatment (group and individual therapy) for high-risk sex offenders (both male and female) on state and federal parole
- Conducted forensic psychological evaluations, including sex-offender risk assessments utilizing empirical measures such as the STATIC-99R, Abel Assessment of Sexual Interest, and STABLE 2000
- Organized CAPIC approved (California Psychology Internship Council) training program for predoctoral interns, including interviewing and hiring new trainees, planning a training curriculum for weekly didactic meetings, and managing trainee work schedules
- Provided weekly group and individual supervision for eight trainees, including predoctoral interns, postdoctoral fellows, and practicum students
- Served as Site Coordinator for the Oakland office, which includes administration of the HRSO (high-risk sex offender) contract and new client development.
- Led presentations for the trainee didactics on topics such as pornography and female sex offenders
- Participated in monthly Sex Offender-Law Enforcement profiling meetings along with

police and parole officers

- Collaborated with probation and parole officers in order to ensure clients' treatment compliance as a part of the Containment Model

2006-2007 University of California at Davis, CAARE Center

Postdoctoral Fellow

- Conducted Child Welfare Evaluations for the family court system involving issues such as termination of parental rights, child abuse risk, reunification, custody determinations, and tailoring treatment recommendations for parents and their children
- Conducted Emergency Response Evaluations for social workers, providing a brief assessment of the adult client's mental health functioning
- Conducted forensic evaluations for competency to stand trial
- Led presentations for the Child Welfare Didactic including: Standardized Adult and Child Assessment Measures; Projective Testing/Rorschach review; Competency to Stand Trial; and Assessment and Treatment of Substance Abuse
- Provided informal supervision to predoctoral interns by reading and editing first drafts of evaluations
- Participated in Mock Trial Proceedings as an evaluator
- Assisted in the preparation of a self-study for the American Psychological Association (APA) accreditation of the UCD CAARE Center postdoctoral residency
- Provided Parent-Child Interaction Therapy (PCIT), an innovative and empirically validated treatment for children and their parents which involves live coaching by a therapist
- Provided court testimony in a PCIT treatment case
- Led monthly presentations which teach PCIT skills to parents through State Adoptions
- Completed intake assessments and provide diagnosis and treatment recommendations
- Participated in one hour of weekly individual supervision and attend weekly didactic seminars for Child Welfare Evaluations

2005-2006 University of California at Davis, CAARE Center

***Accredited by the American Psychological Association
Predoctoral Intern***

- Conducted Child Welfare Evaluations for the court system involving issues such as termination of parental rights, reunification, child abuse risk, custody determination, and tailoring treatment recommendations for parents and their children
- Conducted Psychological Assessments for children and adolescents
- Provided individual therapy and family therapy for children who have experienced significant trauma due to abuse and/or neglect
- Provided Parent-Child Interaction Therapy (PCIT), an innovative and empirically validated treatment for children and their parents which involves live coaching by a therapist
- Received training and supervision in providing Trauma-Focused Cognitive Behavioral Therapy (TF-CBT), an empirically validated treatment for children who have been sexually abused
- Participated in Mock Trial Proceedings as an evaluator
- Co-led social skills group for boys and girls age 6-9
- Participated in three hours of weekly individual supervision, including live supervision, and attended weekly didactic seminars for Child Welfare Evaluations and Trauma Focused CBT

2004-2005 Child Haven, Inc.

Psychology Trainee, Child Abuse Treatment Team

- Provided individual therapy and family therapy for children, the majority of whom have experienced significant trauma due to abuse and/or neglect
- Co-led three groups for children age 4-6, boys age 6-9, and homeless parents
- Conducted intake interviews and provided necessary recommendations for assessment and treatment
- Collaborated with parents and teachers to follow through with behavioral modifications
- Worked as an integral part of the Child Abuse Treatment Team, which includes Child Protective Services, social workers, and other agency therapists
- Observed Parent-Child Interaction Treatment (PCIT) sessions
- Completed paperwork appropriate for Medi-Cal
- Participated in weekly individual and group supervision meetings and attend weekly didactic seminars

2003-2004 Walden House

Psychology Trainee

- Provided individual psychotherapy for high-dysfunction, dual or triple diagnosis clients in an adult residential treatment facility, collaborated with clients to form treatment plans consistent with their goals
- Administered testing batteries and produced integrated psychological assessments for several clients
- Conducted intake interviews and provided treatment recommendations
- Participated in weekly individual and group supervision meetings and attended weekly didactic seminars
- Received intensive training in the Dialectical Behavior Therapy (DBT) model and implemented this model with clients in therapy
- Worked in close collaboration with other agency therapists and caseload counselors

2003-2004 Head Start Psychological Services Center Project

Advanced Behavioral Trainee

- Provided ongoing play therapy to children with behavioral or emotional difficulties
- Conducted intake interviews with parents and provided consistent support in implementing new behavior strategies
- Participated in two hours of weekly group supervision

2002-2003 Head Start Preschool Program

Psychology Trainee

- Identified target children and utilized play therapy techniques in small group settings
- Planned and implemented Second Step, a violence prevention curriculum with children
- Consulted with Head Start staff regarding target children
- Assisted with day to day classroom activities with a focus on behavioral interventions
- Received four hours of supervision and training per week

PUBLICATIONS AND PRESENTATIONS

Blacker, D., Urquiza, A., **Kalich, L.**, and Carmichael, B. (2016). Termination of Parental Rights In Tiffany Masson (Ed.) *Inside Forensic Psychology* (225-247). Praeger: Santa

Barbara, California.

Ronna Dillinger, Daniel Davis, **Lisa Kalich**, Kevin Richards, Lois Condie. American Board of Forensic Psychology: What are the challenges facing your specialty today? *The Specialist*, Summer 2013 (51).

Kalich, L., Carmichael, B., Masson, T., and Blacker, D. (2007). Evaluating the evaluator: Advice for legal professionals in assessing the competency of termination of parental rights evaluations. *Journal of Psychiatry and Law*, Fall (365-97).

Conceptual Analytic Dissertation entitled, From Salem to McMartin: An Examination of the Unique Factors that Contribute to Children's Accounts of Sexual Abuse in Multi-Victim Cases. Examines the complex phenomenon of multi-victim child sexual abuse with a focus on the community dynamics, peer interactions, and parental influences that often impair the search for the truth. Recommendations for psychologists who encounter these challenging cases are offered.

Proposal Approved September 2004, Defended March 2006
